

EDUCATIONAL EVENTS

Event Name	Date	Location
ESPGHAN Paediatric Nutrition: Beyond the Nutrients - Summer School (EPP)	June 25-30, 2017	Bari, Italy
Young ESPGHAN - Mentorship Programme	June 30 - July 02, 2017	Glasgow, Scotland
ESPGHAN Danube/Balkan Summer School (EPP)	August 29 - September 01, 2017	Murighiol, Romania
ESPGHAN AHP Summer School (EPP)	September 14-17, 2017	Zagreb, Croatia
ESPGHAN Young Investigator Forum (EPP)	September 20-23, 2017	Bergen, The Netherlands
ESPGHAN Paediatric GI Motility Hands-On Training Course (EPP)	September 26-27, 2017	London, UK
ESPGHAN School of Paediatric Liver Transplantation (2 nd Transplant School Meeting)	September 27-30, 2017	Bergamo, Italy
ESPGHAN GI School (EPP)	October 11-14, 2017	Cologne, Germany
ESPGHAN Master Class on Gastrointestinal Immunology (EPP)	November 16-18, 2017	Leiden, The Netherlands
ESPGHAN Master Class on EBM	November 18-19, 2017	Budapest, Hungary
ESPGHAN 3 rd Paediatric IBD Masterclass (EPP)	November 23-25, 2017	Tel Aviv, Israel
ESPGHAN Monothematic Conference: Chronic Liver disease in Children treatment and follow up (EPP)	February 01-03, 2018	Brussels, Belgium

Registration fees:

€ 480

The fees will cover the local transfers from and to the airport on the 7th and the 11th of June 2017 respectively, as well as the transport to and from ELPEN ERC, to and from the restaurants, lunches and coffee-breaks on the 8th, 9th and 10th of June 2017, and dinners on the 7th, 8th, 9th and 10th of June 2017. The fees do not cover accommodation.

POSTGRADUATE COURSE ON PRACTICAL TECHNIQUES

IN PAEDIATRIC GASTROENTEROLOGY & HEPATOLOGY

Endoscopy is an essential part of the training in Pediatric Gastroenterology, Hepatology & Nutrition (PGH&N) and the required skills are well described in the recently published by ESPGHAN Syllabus of the subspecialty training in Europe.

Pediatric gastroenterology successful practice is only possible if experienced endoscopists and specializing pediatricians exchange and combine skills and knowledge. In this context, ESPGHAN endeavors to establish a Post Graduate Course on advances in diagnostic and therapeutic endoscopy. The course will take place in Athens in collaboration with ELPEN Experimental Research Center. The course will cover endoscopic diagnostic techniques such as capsule endoscopy, transnasal endoscopy, narrow banding imaging and chromoendoscopy and will provide hands-on training in therapeutic techniques such as hemostasis techniques of bleeding varices (banding, injections), bleeding ulcers (APC, gold probes, clips), gastrostomy tube placement, foreign body removal, over-the-scope-clip systems, esophageal dilatation and others.

In order to achieve maximum simulation and interaction, the participants will be divided in small groups and will perform supervised hands-on training on biological models and on mannequins. All of the participants will be asked to complete a MCQ test at the end of the course and an evaluation form on the course. The course will be granted CME credits by EACCME.

Preliminary Programme

June 7, 2017: Arrival Day

19.00 Welcome reception. Dinner.

DAY 1: June 8, 2017

08.00–08.30 *Breakfast*
08.30 Departure to ELPEN
09.00–09.15 **Introduction to the Course**
(Alexandra Papadopoulou)
09.15–09.40 **What lies ahead in Paediatric Endoscopy?**
(Mike Thomson)
Discussion - All
09.40–10.00 **Train the trainers courses (Mike Thomson)**
Discussion - All
10.00–10.20 **Assessment of competence.**
Current evidence and experience of JETS in the UK
(Christos Tzivnikos)
10.20–11.00 **Hemostasis techniques in variceal bleeding:**
Drug treatment and endoscopic hemostasis
techniques (banding, injections) (Mike Thomson)*
11.00–11.30 *Coffee break*
11.00–13.00 Hands-on training in variceal banding/injections
13.00–14.00 *Lunch*
14.00–15.00 Hands-on training in variceal banding/injections
15.00–15.30 **Narrow banding imaging: when it helps?**
(Valerio Balassone)
15.30–16.00 **Chromoendoscopy: indications, stains and**
techniques (Valerio Balassone)
16.00–16.30 *Coffee break*
16.30–17.00 **Transnasal endoscopy: Technical considerations,**
advantages and limitations (Mike Thomson)
17.00–17.30 **Capsule endoscopy (Christos Tzivnikos)**
17.30–18.30 **Hands-on training on capsule endoscopy**
18.30 Departure
19.00 *Dinner*

(*) Recorded videos and/or live demonstration from Endoscopy Unit
will be incorporated in the morning session

DAY 2: June 9, 2017

08.00–08.30 *Breakfast*
08.30 Departure to ELPEN
09.00–09.15 **Pearls from experience**
(Luigi dall'Oglio) - Discussion
09.15–09.45 **Hemostasis techniques in non-variceal bleeding:**
drug treatment and endoscopic hemostasis with
APC/Gold probes/clips/hemospray
(Luigi dall'Oglio)*

10.00–11.00 Hands-on training in endoscopic hemostasis
techniques in non variceal bleeding
11.00–11.30 *Coffee break*
11.00–13.00 Hands-on training in endoscopic hemostasis
techniques in non variceal bleeding
13.00–14.00 *Lunch*
14.00–14.30 **Multipurpose use of the over-the-scope-clip**
system (Valerio Balassone)
14.30–15.30 Hands-on training on over-the-scope-clip system
15.30–16.00 **Foreign body removal: which devices**
for which foreign body (Jorge Dias)
16.00–16.30 *Coffee break*
16.30–17.30 Hands-on training on foreign body removal
17.30–17.45 **Intestinal biopsies - how to take and**
how to process them? (Jorge Dias)
17.45–18.30 **Endoscopic ultrasound: Indications and**
clinical impact (Luigi dall'Oglio)
18.30 Departure
19.00 *Dinner*

(*) Recorded videos and/or live demonstration from Endoscopy Unit
will be incorporated in the morning session

DAY 3: June 10, 2017

08.00–08.30 *Breakfast*
08.30 Departure to ELPEN
09.00–09.45 **Esophageal dilatation: indications,**
contraindications, presentation of different
techniques (bougie, balloon), complications
(Jorge Dias)*
09.45–11.00 Hands-on training on esophageal balloon dilatation
11.00–11.30 *Coffee break*
11.00–12.00 Hands-on training on esophageal balloon dilatation
12.00–13.00 **Gastrostomy button and j-PEG placement:**
indications, contraindications, presentation of
different techniques, complications, care of the
button after insertion, how to feed and when?
(Frederic Gottrand)*
13.00–14.00 *Lunch*
14.00–16.00 Hands-on training on gastrostomy button placement
16.00–16.30 *Coffee break*
16.30–17.00 **Electromagnetic guided placement of**
nasoenteral feeding tube: indications,
technique and limitations (Christos Tzivnikos)
17.00–17.30 Hands-on training on electromagnetic guided
feeding tube placement
17.30–18.30 MCQ and course assessment by all participants
18.30 Departure
19.00 *Farewell dinner*

(*) Recorded videos and/or live demonstrations from Endoscopy Unit
will be incorporated for both sessions

June 11, 2017: Departure
