2019 Pediatric Feeding Conference:

Interdisciplinary Care of Complex Pediatric Dysphagia

July 26-27, 2019

Crowne Plaza Columbus—Downtown | Columbus, Ohio

This conference, hosted by the Comprehensive Pediatric Feeding Program at Nationwide Children's Hospital, will examine the interdisciplinary assessment and treatment of complex pediatric dysphagia

Multidisciplinary case presentations and panel discussions will highlight:

- Motility
- Eosinophilic Esophagitis
- Nutrition management of complex patients
- Advanced discussion of instrumental and clinical assessment for feeding and swallowing
- Family Discussion

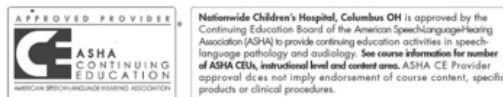

Intended Audience:

- Occupational Therapists
- Speech-Language Pathologists
- Psychologists
- Nurses
- Social Workers
- Dietitians
- Early Intervention Specialists
- Fellows
- Physicians

Objectives

- Assess how specific issues in the aerodigestive system may effect feeding and recommend treatment options.
- Utilize bedside feeding and swallowing assessment and instrumental assessments to evaluate patients with complex dysphagia.
- Analyze nutrition considerations for the pediatric patients with dysphagia and recommend a plan based on findings.
- Define hunger and its impact on the complex patient with feeding challenges.
- Incorporate the transdisciplinary treatment model of an Intensive Feeding Program into your practice.
- Examine the family perspective on living with a child who has dysphagia from a variety of etiologies.
