JUNE 2–5, ANN ARBOR MI

NEC SYMPOSIUM 2019
BREACKING DOWN THE BARRIERS OF NEC PREVENTION & TREATMENT

NEC SOCIETY
C.S. MOTT CHILDREN'S HOSPITAL

THIS EVENT IS PARTIALLY FUNDED THROUGH A PATIENT-CENTERED OUTCOMES RESEARCH INSTITUTE® (PCORI®) EUGENE WASHINGTON PCORI ENGAGEMENT AWARD CONTRACT #EAIN-10633
SUNDAY, JUNE 2

12:00 - 5:00 Registration

1:30 - 4:30 Pre-Conference: Mechanistic Studies into the Prevention and Treatment of NEC
Facilitated by: Steven McElroy, MD; Agostino Pierro, MD; and Akhil Maheshwari, MD
With presentations from: Christopher Gayer, MD, PhD; Catherine Hunter, MD; Camilla Martin, MD; Isabelle De Plaen, MD; Misty Good, MD, MS; Mark Underwood, MD; Matthew Raills, MD; Doug Burrin, PhD; Venkatesh Sampath, MBBS, MRCPCh

4:30 - 4:45 Podium presentation for select abstract

4:45 - 5:00 Podium presentation for select abstract

5:00 - 5:30 Break / Registration / Exhibits / Refreshments

5:30 Welcome address by Anne Trontell, MD, MPH
Associate Director
Clinical Effectiveness and Decision Science
Patient-Centered Outcomes Research Institute (PCORI)

5:45 - 7:00 Networking

Spotlight: Pre-conference Session
Sunday afternoon’s session will allow an in-depth look at advances in basic science related to NEC.

MONDAY, JUNE 3

7:00 - 7:45 Registration and continental breakfast

7:45 - 8:00 Welcome remarks
Jennifer Canvasser, MSW; Samir Gadepalli, MD, MBA

8:00 - 9:00 NEC: Recent Breakthroughs and Promising Directions
Facilitator: Mark Underwood, MD

9:00 - 10:00 Disparities in the Care of Fragile Infants and Opportunities to Overcome Them
Facilitators: Jochen Proil, MD, MPH; Krista Sigurdson, PhD
Patient-Family Representative: Lelis Vernon

10:00 - 10:30 Break

10:30 - 11:30 Defining NEC: Using Patient-Family Driven Outcome Measures
Facilitators: Michael Caplan, MD; Ravi Patel, MD, MSc
Patient-Family Representative: Simone Rosito, MA

11:30 - 12:30 Diagnosing NEC: Diagnostic Criteria, Proposed Changes, and Emerging Diagnostic Tools
Facilitators: Joe Kim, MD, PhD; Karl Sylvester, MD
Patient-Family Representative: Cristal Grogan

12:30 - 1:30 Lunch (networking)

1:30 - 2:30 Risks and Benefits of Probiotic Use in Fragile Infants
Facilitators: Ravi Patel, MD; Joe Kim, MD, PhD;
with moderating by Mark Underwood, MD
Patient-Family Perspective: Erin Umberger, M. Arch

2:30 - 3:30 New Directions in NEC with Early Investigators Committed to Bridging the Translation Gap from Bench to Bedside
Facilitators: Misty Good, MD, MS; Colin Martin, MD;
Troy Markel, MD; Hala Chaaban, MD;
with moderating by David J. Hackam, MD, PhD, FACS
Patient-Family Representative: Ryan Raab, PE

3:30 - 3:45 Break

3:45 - 4:45 Empowering Families and Driving Patient-Centered Outcomes Research
Facilitators: Heather Denchik, RN, BSN;
Noah Canvasser, MD; Linseigh Green;
with moderating by Mark Underwood, MD

4:45 - 5:45 Evaluating Strategies to Increase the Use of Mothers Own Milk in the NICU
Facilitators: Aloka Patel, MD; Paula Meier, PhD, RN
Patient-Family Perspective: Jennifer Canvasser, MSW

5:45 - 6:00 Podium presentation for select abstract

7pm Optional: “Big House” Michigan stadium tour
(limited tickets available)
TUESDAY, JUNE 4

7:00 - 8:00 Networking and continental breakfast

8:00 - 9:00 Uniting Providers and Patient-Families Towards NEC Prevention and Improved Outcomes
Facilitator: Roger Soll, MD

9:00 - 10:00 Promising Novel Therapies for NEC in Preclinical and Clinical Trials
Facilitators: Gail Besner, MD; Eamonn Connolly, PhD
Patient-Family Representative: Erin Umbarger, M.Arch

10:00 - 10:30 Break

10:30 - 11:30 How Human Milk Protects Against NEC: Breaking Down the Science
Facilitators: Talha Colaiay, MD, MPH; Christina Valentine, MD
Patient-Family Representative: Simone Rosito, MA

11:30 - 12:30 Opportunities for the Federal Government to Help Advance NEC Research
Facilitators: Gerri Baer, MD; Tanze Raju, MD, DCH
Patient-Family Representative: Jennifer Canvasser, MSW

12:30 - 1:30 Lunch (networking)

1:30 - 3:00 Workgroups Round 1 (six workgroups, each repeat once)
Participants will choose to attend two different workgroup sessions, the first at 1:30 and the second at 3:15.

1. NEC Biorepository: A New Tool to Improve Our Understanding of the Disease
Facilitators: Misty Good, MD, MS; Sunyoung Kim, PhD; Troy Markel, MD; and Matthew Ralls, MD
Patient-Family Representative: Erin Umbarger, M.Arch

2. Innovative Quality Improvement Projects in the NICU
Facilitators: Mihnea Khashu, MD, FRCPCH; Robert E. Schumacher, MD; and Rebecca Vartanian, MD
Patient-Family Representative: Ryan Raab, PE

3. NEC Advocacy and the Prioritization of Resources
Facilitators: Samir Gadepalli, MD, MBA; Alexander Penn, PhD
Patient-Family Representatives: Heather Tanner, MSA; Heather Denichik, RN, BSN

4. Advancing the Needs of Patient-Families through the NEC Research Collaborative
Facilitators: Joe Kim, MD, PhD; Ravi Patel, MD; and Anne Trontell, MPH
Patient-Family Representative: Jennifer Canvasser, MSW

5. Medically Fragile Term Infants with NEC
Facilitators: Amy Rafter, MD; Steven McElroy, MD
Patient-Family Representative: Simone Rosito, MA

6. Tools to Support Families with NEC Survivors
Facilitators: Sheila Geppert, RN, PhD; Wakako Eklund, DNP
Patient-Family Representatives: Cristal Grogan, Lelis Bauza Vernon, Linseigh Green

3:15 - 4:45 Workgroups Round 2

4:45 - 5:00 Podium presentation for select abstract

5:00 - 6:00 Workgroup reports and proposed next steps

6:00 - 7:30 Poster Session

Spotlight: Workgroups

Workgroups will be interactive, with participants actively engaging with the faculty facilitators to develop PCOR/CER.

Each workgroup should culminate in a patient-family-centered project for the NEC Society Research Collaborative to investigate.

“I met colleagues at this meeting that will stimulate collaborative projects related to NEC research. I was especially pleased and informed by having a multidisciplinary perspective on this disease, it increased my awareness of the obstacles and challenges we face in preventing this disease.”

- 2017 NEC Symposium Attendee
WEDNESDAY, JUNE 5

7:00 - 8:00  Networking and continental breakfast

8:00 - 9:00  International Opportunities to Improve NEC Practices and the Patient-Family Experience
Facilitators: Wakako Eklund, DNP, Miness Khashu, MD, FRCPCH, Agostino Pierro, MD, Simone Rostro, MA; with moderating by Steven McElroy, MD

9:00 - 9:15  Podium presentation (for select abstract)

9:15 - 10:15  Adding Fortifier to Human Milk: How to Optimize Safety
Facilitators: Amy Hair, MD, Sarah Taylor, MD, MSCR, with moderating by Jae Kim, MD, PhD
Patient-Family Representative: Cristal Gragan

10:15 - 10:45  Break

10:45 - 11:30  NEC Risk: Early Identification and Risk Stratification
Facilitators: Sheila Gephart, RN, PhD; Karl Sylvester, MD
Patient-Family Representative: Leili Baudz Vernon

11:30 - 12:45  Priorities for Driving PCOR and NEC Prevention
Facilitators: Jennifer Canvasser, MSW; Jae Kim, MD, PhD; Anne Trontell, MD, MPH; Erin Umberger, MArch; Mark Underwood, MD; with moderating by Samir Gadepalli, MD, MBA

12:45 - 1:15  Closing remarks
Samir Gadepalli, MD, MBA; Jennifer Canvasser, MSW

1:15  Adjourn, take-away lunch

3:00  Tour of C.S. Mott Children’s Hospital (optional)

FACULTY

COURSE CHAIRS
Jennifer Canvasser, MSW
Founder, Director
NEC Society

Samir K. Gadepalli, MD, MBA
Pediatric Surgery and Surgical Critical Care
C.S. Mott Children’s Hospital
University of Michigan, Ann Arbor, MI

Erin Umberger, MArch
Director
NEC Society

PLANNING COMMITTEE

Gail E. Besner, MD, FACS, FAAP
H. William Clatworthy Jr.
Professor of Surgery
Chief, Department of Pediatric Surgery
Nationwide Children's Hospital
Columbus, OH

Michael Caplan, MD
Chairman, Department of Pediatrics
Chief Scientific Officer
NorthShore University HealthSystem
Clinical Professor of Pediatrics
University of Chicago, Pritzker School of Medicine

Sheila M. Gephart, RN, PhD
Associate Professor
Robert Wood Johnson Foundation
Nurse Faculty Scholar
University of Arizona College of Nursing
Tucson, Arizona

Misty Good, MD, MS
Assistant Professor of Pediatrics
Co-Director of Neonatal-Perinatal Medicine Fellowship
Washington University School of Medicine
Department of Pediatrics
Division of Newborn Medicine
St. Louis Children's Hospital

Amy Hair, MD
Assistant Professor
Program Director of Neonatal Nutrition
Program Director of NICU Intestinal Rehab Team
Section of Neonatology
Department of Pediatrics
Baylor College of Medicine
Texas Children’s Hospital

PLANNING COMMITTEE

Jae Kim, MD, PhD
Professor of Clinical Pediatrics
Divisions of Neonatology & Pediatric Gastroenterology,
Hepatology and Nutrition
Nutrition Director of Supporting Premature Infant Nutrition (SPIN) Program
Director of Neonatal-Perinatal Medicine Fellowship
UC San Diego/Rady Children's Hospital of San Diego

Troy A. Markel, MD, FACS, FAAP
Assistant Professor/Pediatric Surgery
Department of Surgery
Riley Hospital for Children
Indiana University School of Medicine

Steven J. McElroy, MD
Associate Professor
Stead Family Department of Pediatrics
Department of Microbiology University of Iowa

Ravi Mangal Patel, MD, MSc
Associate Professor of Pediatrics
Division of Neonatology
Emory University School of Medicine
Children’s Healthcare of Atlanta

Alexander H. Penn, PhD
Immunologist
Joint inflammation Modulation of Trauma
USAF 59th Medical Wing
JBSA-Ft. Sam Houston, TX

Mark Underwood, MD
Chief, Division of Neonatology
Department of Pediatrics
University of California at Davis

Abdul-Karim Yassine
Project Manager
Pediatric Surgery
C.S. Mott Children’s Hospital

The NEC Symposium is certified as a Patients Included meeting.

NEC SYMPOSIUM 2019
Gerri R. Baer, MD, F.A.A.P.
Medical Officer, Neonatology Team Leader
Office of Pediatric Therapeutics
Office of Medical Products and Tobacco
Office of the Commissioner
U.S. Food and Drug Administration

Doug Burrin, PhD
Professor
USDA-ARS Children’s Nutrition Research Center
Department of Pediatrics
Baylor College of Medicine

Noah Canvasser, MD
Bereaved father

Hala Chaaban, MD
Assistant Professor
Department of Pediatrics
Division of Perinatal/Neonatal Medicine
University of Oklahoma

Tarah Colaizy, MD, MPH
Associate Professor of Pediatrics
Stead Family Department of Pediatrics
University of Iowa

Eamonn Connolly, PhD
Chief Scientific Officer
Infant Bacterial Therapeutics AB

Heather Denchik, RN, BSN, OCN
Mother of NEC survivor
Project Coordinator, NAC Society

Isabelle G. De Plaen, MD
Associate Professor
Department of Pediatrics
Northwestern University Feinberg School of Medicine
Division of Neonatology
Ann and Robert Lurie Children’s Hospital of Chicago

Wakako Eklund, APRN NNP-BC DNP
Affiliate Associate Professor
Northeastern University

Christopher Gayer, MD, PhD, FACS, FAAP
Attending Physician
Assistant Professor of Clinical Surgery
Kedk School of Medicine
University of Southern California

Linseigh Green
Adult survivor of NEC

Cristal Grogan
Mother of NEC survivor
NCC Neling Hands

David J. Hackam, MD, PhD, FACS
Pediatric Surgeon-in-Chief and Co-Director, Johns Hopkins Children’s Center
Garrett Professor and Chief of Pediatric Surgery
Professor of Surgery, Pediatrics and Cell Biology
Johns Hopkins University School of Medicine

Catherine J. Hunter, MD
Associate Professor of Surgery
Northwestern University Feinberg School of Medicine

Minesh Khashu, MD, FRCPCH
Founder, SGNEC
Consultant in Neonatal Medicine

Sunyoung Kim, PhD
Professor, Department of Biochemistry & Molecular Biology
LSU School of Medicine & Health Sciences Center
Stanley S. Scott Cancer Center

Akhil Maheshwari, MD
Professor of Pediatrics
Josephine S. Surland Endowed Chair of Newborn Medicine
Director, Division of Neonatology
Director, Vice-Chair (Integration), Department of Pediatrics
Johns Hopkins University School of Medicine

Camila R. Martin, MD MS
Associate Professor of Pediatrics, Harvard Medical School
Associate Director, NICU, Department of Neonatology
Director of Cross-Disciplinary Research Partnerships
Division of Translational Research
Beth Israel Deaconess Medical Center

Colin Martin, MD
Assistant Professor of Pediatric Surgery
University of Alabama

Paula Meier, PhD, RN, FAAN
Director for Clinical Research and Lactation, Neonatal Intensive Care
Professor of Women, Children and Family Nursing
Professor of Pediatrics
Rush University Medical Center
Past President, International Society for Research in Human Milk and Lactation

Aloka L. Patel, MD
Associate Professor of Pediatrics
Section of Neonatology
Research Director for the Section of Neonatology
Rush University Medical Center

Agostino Pierro, MD
Head of the Division of General and Thoracic Surgery
The Hospital for Sick Children
Robert M. Fisher Professor of Surgery
University of Toronto, Canada
Co-editor in Chief Pediatric Surgery International

Jochen Profit, MD, MPH
Associate Professor of Pediatrics
Eunice Kennedy Shriver National Institute of Child Health, and Human Development, National Institute of Health

Ryan Raab, PE
Bereaved father

Tonse Raju, MD, DCH
Professor, Obstetrics and Gynaecology
National Institute of Child Health and Human Development

Matthew Ralls, MD
Assistant Professor
Pediatric Surgery and Surgical Critical Care
C.S. Mott Children’s Hospital
University of Michigan, Ann Arbor, MI

Simone Rosito, MA
Director, President, Founder
Pequenos Grandes Guerreiros, Brazil

Venkatesh Sampath, MBBS, MRCPCh
Professor of Pediatrics
University of Missouri at Kansas City
Director of Neonatal Lung and Immunology Laboratories
Division of Neonatology

Robert E. Schumacher, MD
Professor of Pediatrics
Neonatal Perinatal Medicine
Michigan Medicine
Medical Director, Brandon Newborn ICU
C.S. Mott Children’s Hospital

Krista Sigurdson, PhD
Post Doctoral Research Fellow
Neonatal and Developmental Medicine
Stanford University

Roger Soll, MD
Professor of Pediatrics, University of Vermont
Coordinating Editor, Cochrane Neonatal Presidet, Vermont Oxford Network

Karl Sylvester, MD
Professor of Surgery & Pediatrics
Executive Director, Fetal and Pregnancy Health Program
Lucile Packard Children’s Hospital Stanford
Associate Dean Maternal Child Health • Research
Stanford University School of Medicine

Heather Tanner, MSA, BSBA
Mother of NEC survivor
Project Coordinator, NAC Society

Sarah N. Taylor, MD, MSCR
Director of Clinical Research
Associate Professor of Neonatology
Yale School of Medicine

Anne Trontell, MD, MPH
Associate Director
Clinical Effectiveness and Decision Science
Patient-Centered Outcomes Research Institute

Christina Valentine, MD, MS, RD, FAAP
Neonatologist, Central Ohio Newborn Medicine, Visiting Associate Professor, Obstetrics and Gynecology, The University of Cincinnati, and Medical Director, North America, RB Health

Rebecca Vartanian, MD
Assistant Professor
Division of Neonatal-Perinatal Medicine
Department of Pediatrics and Communicable Diseases
University of Michigan Medical School
Medical Director, Respiratory Care
C.S. Mott Children’s Hospital

Lelis Bauzá Vernon
Mother of NEC survivors
The NEC Symposium is made possible through a partnership between the NEC Society and Section of Pediatric Surgery at the University of Michigan, with support from a Patient-Centered Outcomes Research Institute® (PCORI®) Eugene Washington PCORI Engagement Award (Contract #EAIN-10633), and our generous community of supporters.

HIGHLIGHTS

- NEC: Recent Breakthroughs and Promising Directions
- Disparities in the Care of Fragile Infants and Opportunities to Overcome Them
- International Opportunities to Improve NEC Practices and the Patient-Family Experience
- Risks and Benefits of Probiotic Use in Fragile Infants
- Evaluating Strategies to Increase the Use of Mothers Own Milk in the NICU
- Promising Novel Therapies for NEC in Preclinical and Clinical Trials
- Opportunities for the Federal Government to Help Advance NEC Research
- NEC Biorepository

TARGET AUDIENCE

This activity is designed for physicians, scientists, nurse practitioners, physician assistants, nurses, pharmacists, dietitians, lactation consultants, health policy makers, nonprofit leaders, industry, and other diverse stakeholders committed to driving patient-centered outcomes research, comparative effectiveness research, and improving the prevention and treatment of outcomes for infants at risk of necrotizing enterocolitis in fragile infants.

WHY YOU SHOULD ATTEND

The NEC Symposium will convene multidisciplinary stakeholders to fundamentally improve the understanding, prevention, and treatment of NEC. It will support the development of quality improvement projects, novel research, and refined clinical guidelines.

The Symposium will provide opportunities for education, collaboration, and networking for junior and senior providers and investigators. Attendees will be actively engaged throughout the meeting and encouraged to share their diverse expertise and perspectives to help cultivate specific recommendations and standards. Content from the NEC Symposium will be published in Pediatric Research.

CALL FOR ABSTRACTS

Attendees are encouraged to submit abstracts for the Symposium’s poster presentations. Categories are basic science, clinical, and translational. The call for abstracts will open soon. All submissions must be received by March 4th.

For more information and to submit an abstract, visit:

EDUCATIONAL PURPOSE

Despite significant advances in neonatal care, NEC remains a leading cause of death for neonates, with survivors frequently facing lifelong health challenges. This conference will provide a rare opportunity to have a multidisciplinary conversation about improving NEC outcomes and driving patient-centered outcomes research. It will convene some of the most committed NEC professionals and patient-families from around the world. The Symposium will foster collaboration, develop new strategic lines of research, empower families, and refine protocols to help diagnose, prevent, and treat NEC.

EDUCATIONAL OBJECTIVES

- Summarize recent breakthroughs in NEC basic science research
- Understand current disparities in the care of fragile infants and opportunities to overcome them
- Summarize potential new treatments for NEC
- Understand the need for a refined definition of NEC
- Articulate emerging tools for NEC diagnosis
- Explain the risks and benefits of probiotic use in fragile infants
- Summarize strategies to increase the use of mothers own milk in the NICU
- Describe international practice differences related to NEC
- Identify methods to partner with and empower families in reducing the risks of NEC

The NEC Society supports breastfeeding mothers. Mothers are welcome to breastfeed their child anywhere throughout the conference. A lactation room will be available for mothers who need to pump or prefer privacy.

“One of the best conferences I’ve been to. The ability to convene scientific researchers, families and health care providers is astounding and much appreciated” - 2017 NEC Symposium Attendee
LOCATIONS
The NEC Symposium will be held at the Michigan League on the University of Michigan campus. The Michigan League is located in the heart of Ann Arbor, where you can walk to incredible restaurants, unique galleries and independent bookstores.

TRANSPORTATION
Ann Arbor is a 24-mile drive from Detroit Metropolitan Wayne County International Airport (DTW), which has direct flights from around the United States, Canada, Europe, South America and Asia. There are multiple ground transportation options between DTW and Ann Arbor, including private cars, taxis, and shuttles.

LODGING
Rooms have been blocked at the Bell Tower, The Inn at the Michigan League, and Graduate Hotels. Additional lodging information can be found at VisitAnnArbor.org. NEC Symposium participants are encouraged to stay in or near downtown Ann Arbor.

SYLLABUS
The electronic syllabus will be available to pre-registered attendees prior to the conference for downloading and printing. A flash drive containing the syllabus will be distributed at the conference.

ACCREDITATION
This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of the University of Michigan and the NEC Society. The University of Michigan is accredited by the ACCME to provide continuing medical education for physicians.

CREDIT DESIGNATION
PHYSICIAN CREDIT: The University of Michigan designates this live activity for a maximum of 20.5 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

AMA PRA Category 1 Credits™ acceptable for other health care providers:
NURSE: For the purpose of recertification, the American Nurses Credentialing Center accepts AMA PRA Category 1 Credits™ issued by organizations accredited by the ACCME. Report a maximum of 20.5 hours of credit and fill in “CME Category 1” for the provider number.
PHARMACIST: You may petition the Michigan State Board of Pharmacy for CE credit for this symposium.
PHYSICIAN ASSISTANT: The National Commission on Certification of Physician Assistants (NCCPA) states that AMA PRA Category 1 Credits™ are acceptable for continuing medical education requirements for recertification.

CONFERENCE REGISTRATION
Please register early - space is limited.

Tuition is $375 for physicians and $275 for all others. Fees will increase after April 1st.

Tuition includes welcome reception, continental breakfasts, refreshment breaks, lunches, electronic syllabus, and an online certificate of attendance for those earning CMEs.

Cancellation and Refund Policy: Registration is non-refundable.

For further information contact: Jennifer Canvasser, NEC Society
Jennifer@NECsociety.org

To register for the NEC Symposium, visit https://NECsymposium.eventbrite.com
“The environment of the 2017 NEC meeting was unlike anything I had ever experienced. For the first time in my life, I witnessed hundreds of individuals setting aside the need for personal recognition, titles, and any form of hierarchy to collectively come together in a desperate effort to find the cause of and cure for this tragic disease. It was breathtaking to watch how fervently they worked, how ideas, examples, experiences, and research was freely shared, and how insight from every angle was valued.”

- 2017 NEC Symposium Attendee
