

*"Adherence to Celiac Disease and Eosinophilic Esophagitis Biopsy Guidelines is Poor in Children"*

**Learning Objectives**

Upon reading this article, the reader should be able to:

- Define recommended biopsy practices for optimal detection of celiac disease
- Define recommended biopsy practices for optimal detection of eosinophilic esophagitis
- Understand the diagnostic criteria for eosinophilic esophagitis
- Understand the correlation between mucosal abnormality and presence of celiac disease and eosinophilic esophagitis.

*"Second-Line Agents in Pediatric Patients with Autoimmune Hepatitis: A Systematic Review and Meta-Analysis"*

**Learning Objectives**

- To be aware of second-line options in children with autoimmune hepatitis with failed response to first line therapy.
- To ascertain which second-line treatment may be most appropriate for children with autoimmune hepatitis based on response rate.
- To know the side effects associated with different therapeutic options in the management of autoimmune hepatitis.

**Acknowledgement of Commercial Support:**

No commercial support was received for this activity.

**Physicians**

**Accreditation Statement**

NASPGHAN is accredited by the Accreditation Council for Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

**Credit Designation Statement**

NASPGHAN designates this journal-based CME activity for a maximum of 1 *AMA PRA Category 1 Credit(s)*<sup>™</sup>. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Successful completion of this CME activity, which includes participation in the activity, with individual assessments of the participant and feedback to the participant, enables the participant to earn 1 MOC Part 2 points in the American Board of Pediatrics' (ABP) Maintenance of Certification (MOC) program. It is the CME activity provider's responsibility to submit participant completion information to ACCME for the purpose of granting ABP MOC credit.

**Principal Faculty and Credentials**

Faculty credentials are listed in the Journal articles

**Disclosure of Conflict of Interest**

The following table of disclosure information is provided to learners and contains the relevant financial relationships that each individual in a position to control the content of CME disclosed to NASPGHAN. All of these relationships were treated as a conflict of interest, and have been resolved. (C7 SCS 6.1--6.2, 6.5)

All individuals in a position to control the content of CME are listed in the journal and had no relevant financial relationships to disclose.

We acknowledge the potential presence of limitations on information, including, but not limited to: data that represents ongoing research; interim analysis; preliminary data; unsupported opinion; or approaches to care that, while supported by some research studies, do not represent the only opinion or approach to care supported by research.

**Date of Release:**

July 1, 2017

**Date of Expiration:**

July 1, 2019

**Necessary Hardware and Software:**

- Adobe

Compatible Web Browser listed below:

- Internet Explorer version 6.0 or higher
- Mozilla Firefox 1.0 or higher
- Netscape Navigator 6.0 or higher
- Apple – Safari

**Estimated Time to Complete this Activity:**

It is estimated that it will take 1 hour to read the articles and complete the posttest.

**Method of Physician Participation:**

All participants read an article, take a post-test with a minimum of 60% passing score and complete an activity evaluation at the end of the activity before being able to print a certificate of completion.

**Policy on Privacy and Confidentiality:**

The personal information collected on this evaluation site is used only for our records and is not distributed to any individuals or companies.

**Bibliographic Sources**

References are provided in the Journal article.

**Copyright:**

All faculty in this activity have given their permission for publication.

**Contact Information:**

For questions on CME credit for this activity, contact [blia@amedcoemail.com](mailto:blia@amedcoemail.com) or 651-789-3722.
