

## FISPGHAN Expert Teams Video RFA Application

Eligible applicants: senior pediatric gastroenterology fellows or junior faculty (up to 5 years post fellowship)

Background: There will be 3 FISPGHAN Expert Teams reports at the WC – 20 min per report: Hepatitis B – Mei Hwei Chang, MD; Acute Gastroenteritis – Alfredo Guarino, M.D.; Malnutrition/obesity – Mark Manary, M.D. The purpose of this proposal is to describe:

- 1) How the applicant would design and do a video and other educational tools (e.g. recordings, CD's etc.)
- 2) How to best publicize the findings of the three Expert Teams to all FISPGHAN societies
- 3) How to carry out a more detailed project on one of them as described below:
  - ▶ a) Work with one of the 3 Expert Team leaders (in the candidate's area of interest) to develop a proposal to a global health organization – e.g. WHO – to achieve the goals of the Team – e.g. for HBV this could be a document supporting both the birth dose of HB vaccine and treatment of mothers in the 3<sup>rd</sup> trimester

or

  - ▶ b) Work with one of the 3 Expert Team leaders to respond to the physicians around the world who stated their needs in the questionnaire – e.g. for HBV most respondents said they wanted better educational tools for both health care providers and families
- 4) Provide a brief budget ½ page maximum
- 5) 1 - 2 pages maximum
